

> phs x P-WAVE® Slant 6 Urinal Screen

We're working together with P-Wave and NHS England to deliver an important health message and to encourage body awareness.

Thousands of men are diagnosed with bladder cancer each year. The most common sign of bladder cancer is blood in pee. It's important that people contact their GP practice if they spot this sign – even just once.

P-Wave urinal screens provide a unique opportunity to present this important, high-impact message to a captive audience whilst at the urinal.

Key features:

Up to 5x more fragrance than competing products.

Virtually Zero Splash Slanted Bristle design keeps walls, floors and trousers dry.

Made from full recyclable EVA.

Biodegradable* (contains Ecopure).

Compatible with all urinals inc. waterless and urinal sleeves (domes).

Double-sided anyway-up design for correct install every time

Fragrance	Product Code	Colour	
Honeysuckle	BC2669	Clear	○
Mango	BC2670	Orange	●
Ocean Mist	BC2671	Turquoise	●

INTENSITY

*ECOPURE™ TREATED PRODUCTS SHOW SIGNIFICANTLY ACCELERATED BIODEGRADATION COMPARED TO UNTREATED PLASTICS. THE SLANT6 IS CURRENTLY UNDERGOING INDEPENDENT PLASTIC ANAEROBIC BIODEGRADATION TESTING (ASTM D 5511) BY EDEN RESEARCH LABORATORY AND IS SHOWING 68.9% BIODEGRADATION IN JUST UNDER 5 YEARS. WE ARE CONTINUING TO TEST AND, BASED ON PREVIOUS LAB RESULTS, EXPECT THAT BIODEGRADATION WILL INCREASE FURTHER. FINAL BIODEGRADATION RESULTS ARE AFFECTED BY LOCAL ENVIRONMENTAL CONDITIONS
